## EXPERIENCE

### Research Intern / ProHealth, Indiana University

APR 2023 - PRESENT / Part-time

- Analyzing the dynamics between care givers and care recipients with dementia from co-design sessions
- Coauthoring in a short research paper to discuss preliminary findings
- Eventual goal is to write a research paper about how to conduct future co-designs sessions involving the care giver and care recipient dyad

### Undergraduate Instructor / Indiana University

AUG 2022 - PRESENT / I-201: Math Foundations of Informatics

- Leading and facilitating discussions to enhance students' comprehension of the material
- Reviewing and adjusting all discussion assignments to better align with course goals in collaboration with other Undergraduate Instructors
- Holding regular office hours and providing personalized support to address gaps in students' learning

### Web Designer / Freelancer

JUNE 2020 - JUNE 2023 / Part-time, remote

- Created websites for a licensed professional social worker and a social media marketing LLC using HTML and CSS
- Optimized responsive design for enhanced user experience across multiple devices
- Fostered effective communication and seamless coordination with clients and stakeholders to result in timely delivery

### Quality Control Summer Hire / Cook Medical, Inc.

JUN 2021 - AUG 2021 / Full-time

- Tested for leakage in tens of thousands of introducer sheaths used in minimally invasive surgery
- Diligently entered resulting data of tests in an electronic system
- Routinely cleaned and sanitized workplace to maximize safety for medical devices

## ACTIVITIES

### Web Developer & Production Team Member /

TEDxIndianaUniversity

SEP 2022 - PRESENT

- Collaborating on redesign of the official website utilizing Wix and Agile development
